

different chemicals they are involved with these days and the risk involved for the people. Department of Motor Vehicles, replace of decreasing federal funds. We have quite a few of those in here. Some federal funds are drying up. In the Motor Vehicles when you get your driver's license in, I don't know just when, another year, they will have different equipment. The lease for the equipment that we have now is expired and, of course, some of that equipment is probably pretty badly worn out and it is a lease deal. There will be new equipment used and that difference is \$37,000. These are all things that replace, in the Department of Public Institutions, replace federal funds with the general funds another \$25,000. Department of Social Services, increase in postage due to the new federal reporting requirements, a lot of these things are mandatory, \$40,700. In the Service for Crippled Children, incentives for pay for wards of the state, \$12,000. Purchase of library materials and athletic equipment, \$21,000 and replacement of major appliances. We have quite a few things in here for appliances that have worn out or become so obsolete in some of our institutions. Department of Veterans Affairs, there is a couple of items there, one time payment of accrued vacation of a person that is retiring and replacement of a calculator. And on, let's see, Department of Water Resources, we also have an item for travel and for increased engineering and architectural contracts and the funds for ground water study in the Blue River, lots of items. Board of Educational Lands and Funds, a maintenance contract for data processing and office equipment in the State Surveyor's office. Wildlife Conservation, two conservation officers and related expenses. These positions would be assigned to the area surrounding Lincoln and Omaha. I'm sure that you can realize that with the number of people that we have around these areas that conservation officers can't keep up. The Liquor Control Commission, they need three new vehicles, \$23,000, and they need to replace some of their furniture and typewriters for \$5,000 in round figures. Workmen's Compensation Court, they also need increased funding to improve data base and they also need to rent some cars and purchase two typewriters with a memory and increase the cash fund for printing and that total is about \$18,000. Commission on the Status of Women, to
